

KROSS TYRE MOUNTING CREAM YELLOW

The KROSS Tyre Mounting Paste facilitates tire mounting with its high sliding ability, saving time. Subsequent disassembly is even more pleasant, as the tire doesn't adhere to the previously treated surface with tyre mounting paste.

APPLICATIONS

Passenger car, Truck and Motorcycle tyres

FEATURES

High sliding effect and pressure-stable mounting film guarantee gentle and fast tire mounting. Also suitable for difficult mounting applications. Solid viscosity. Does not dry out when the bucket remains open (without lid).

TECHNICAL PROPERTIES

Content:	5 kg
Color:	Yellow
Consistency:	Creamy, solid
Drying behavior:	Fast drying
Working temperature:	-10°C to +50°C
Biodegradable
