

## KROSS WINDSHIELD WASHER FLUID

KROSS Winter Screenwash is cleaning agent containing ethyl alcohol as the main ingredient and cleaning agents, anti-effect "ice glass" agent, perfumes and dye. KROSS washer fluid concentrate is designed to spray the windscreen and reflectors while driving. Ideal and quickly dissolves ice, removes dust and road sediment, dirt, salt and oil. Contained in the product components can clean the glass, even at low temperatures. Counteract the so-called effect "frozen glass". Product is also safe for all car parts which is in contact. Dilute with water before pouring into screen wash reservoir. No higher concentration recommended due to possible reflexes on the windscreen.

### APPLICATION

All types of glasses.

### FEATURES

Spray the windscreen and reflectors while driving.

Ideal and quickly dissolves ice, removes dust and road sediment, dirt, salt and oil.

Contained in the product components can clean the glass, even at low temperatures.

Effect "frozen glass" not freezing in the system and car washer.

### TECHNICAL PROPERTIES

Physical state:	Liquid
Colour:	Blue
Odour:	Characteristic/alcoholic perfumed
Boiling point:	>82°C
Freezing point:	-30°C
Density (in 20°C):	0.912-0.916 kg/m <sup>3</sup>
pH:	6.5 – 8.5
Flash point:	26 °C
Auto Ignition temperature:	>240 °C
Solubility in water:	Soluble

*\*These are typical properties and do not constitute a specification, for specification limits please refer to the product specification.*
